

REEFERS

## **Job Position: Legal Advisor**

### **Area**

REEFERS is a sustainability company based around the creation of refrigeration cycle for trucks.

### **Role**

With the company's expansion, there needs to be a certain level of legality brought in place. This is where we would require an assistance from a law student to help us with documentation, IP laws and so forth.

### **Responsibilities**

The student will need to create legal documents such as NDAs. They will also be able to review partnership and investment agreements and possibly give their insights on the deals. Other responsibilities would be to assist in filing a provincial or/and federal patent, as well as assist in intellectual properties matters.

### **Job Qualification**

The student needs to be an upper year law student. He/She will need to have either knowledge on the responsibility topics and/or resources to assist us in the matters.
