

## 2024 Summer Schools in Computer Science

Sponsored by

Institute of Computer Science/FORTH, Heraklion

And

H-BRS University, St. Agustin, Germany

### Application Form

**Deadline for application submission by email to me (attachment): March 25, 2024, 1:00pm  
(Expect to be informed [**individual email by me**] of **final** approval by March 29, 2024)**

We have **two** courses on offer below. **Enrolment is by Permission Only**:

- **EECS 3461 3.00** User Interfaces (instructor Professor Constantine Stephanidis (**ICS/FORTH**), Heraklion, Crete, Greece). The course will run in York's Term D2, from July 8 to end of July (classes end July 25).
- **EECS 3221 3.00** Operating Systems (instructor Ken Kent (H-BRS), St Augustin, Germany). EECS 3221 3.00 will run in York's Term S1, in "hybrid" mode (consecutively, not in parallel): From (approximately) May 6 to May 24 on Zoom (students may want to do this part from Toronto). Then June will be spent in H-BRS (St. Augustin near Bonn) where lectures/labs will be in person. End of classes approximately June 21. Final in person Exam the week following June 21. Can be held in Toronto or in Crete (the latter if the student takes both courses)

If your application is approved, the Undergraduate Office of EECS will contact you by email and give you permission to enrol in the course(s) at York via **REM**. Both courses are officially "Off Campus" York courses. We will invite approved candidates to attend a **Predeparture Orientation** meeting in April. **Members of York International** will attend.
