WELCOME

We’re excited that you’ve chosen to join us at the Lassonde Awards Ceremony, as we recognize the accolades across our School from the 2019/2020 academic year.

The Lassonde Awards Ceremony is a special opportunity for our community to come together and celebrate the truly remarkable achievements of our students, faculty, staff, and friends. Congratulations to all of our award winners!

MASTER OF CEREMONIES

Lassonde is pleased to welcome Ronald Hanson as our MC for the 2020 Lassonde Awards Ceremony.

Ronald Hanson is an Assistant Professor in the Department of Mechanical Engineering, with research that is centered on an experimental approach to understanding, predicting and controlling turbulent flows that are relevant to aerodynamic and hydrodynamic applications. His current research efforts focus on understanding the physics of perturbed boundary layers, utilizing advanced diagnostics to explore the behaviour and transport of particles by the atmosphere, unsteady aspects of turbulent flows, and the active generation of turbulence.
