<b>One of:</b> LE/EECS 4101 3.00 or LE/EECS 4111 3.00 or LE/EECS 4115 3.00 for an overall total of at least 65 credits from computer science courses;	<input type="checkbox"/>		
<b>Additional elective credits, as required</b> for an overall total of at least 120 credits (36 credits at the 3000 level or higher, of which at least 18 must be at the 4000 level and at least 30 credits which are outside computer science, mathematics, statistics and information technology).	<input type="checkbox"/>

	<input type="checkbox"/>		
	<input type="checkbox"/>		
<b>General Education Requirement:</b> 21 credits chosen from humanities, natural science and social science courses, with the constraint that at least 6.00 credits must be chosen from each of humanities, social science and natural science areas, but no more than 9.00 credits should be in any one of the three areas. For the successful completion of the degree program, at least 30 credits must be completed which are outside computer science, mathematics, statistics and information technology courses.			
<b>Electives:</b> All BA, Honours BA, Specialized Honours BA and Honours iBA degree candidates must choose at least 18 elective credits outside the major. Moreover, these elective credits may not be part of the general education or any other named requirements (such as MATH requirements). Honours double major and major/minor programs automatically meet this regulation.			
<b>TOTAL CREDITS &amp; CGPA (minimum overall GPA of 5.00 (C+) required to graduate with an Honours BA degree)</b>			
General Prerequisite: Most 2000-, 3000-, and 4000-level EECS courses require the following general (that is, common) prerequisites, in addition to other course-specific prerequisites: a cumulative grade point average of 4.50 or better over all completed major EECS courses. Note: "Major" courses are all EECS courses with second digit other than 5 and include LE/EECS 1028 3.00 (cross-listed to: SC/MATH 1028 3.00) and LE/EECS 1019 3.00 (cross-listed to: SC/MATH 1019 3.00).			
Participation in TIP/PEP is highly recommended for all students, but is not a degree requirement.
