# C4: Cross-Campus Capstone Classroom

Founded in 2019 by:  
Danielle Robinson (Arts) and Franz Newland (Engineering)

# Agenda

- 1 What is C4?
- 2 Who should take C4?
- 3 How does C4 work?
- 4 What are your gateway course options?
- 5 What are C4 projects like?
- 6 When is C4 offered in 2025?
- 7 What are your next steps?

# What is C4?

- ❑ Innovative, Pan-University Classroom
- ❑ Interdisciplinary, Student-led Teams
- ❑ Real-world Projects
- ❑ Community and Industry Partners

# Video about C4

<https://www.youtube.com/watch?v=uP4rOYVaZLE>

# C4 is for students who want to:

- Work within an interdisciplinary team of students.
- Collaborate with community and industry partners.
- Dive into a real-world project, linked to SDGs.
- Develop valuable skills such as: interdisciplinary collaboration, professional relationship building, project management, and more.

# How does C4 work...

Apply to  
participate

Register in a  
gateway course

Come to the  
first class

Learn about  
available projects

Be matched  
into a team

# Gateway Courses

## One-Term Options

- LE/ENG 2003 3.0 Effective Engineering Communication (Section Z in Fall, Section Z in Winter)
- LE/EECS 4080 3.0 Computer Science Project (Section B in Fall, Section N in Winter)

## Two-Term Options

- LE/ENG 4000 6.0 Capstone Project (Section Z)
- LE/EECS 4088 6.0 Computer Science Capstone Course (Section B)
- LE/EECS 4090 6.0 Software Project (Section B)

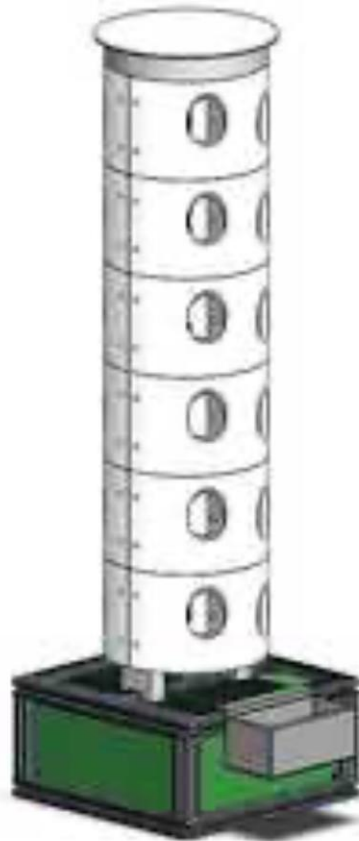

WE  
DO  
ART

# C4 Project Example

facilitate more  
local food growth  
by making urban  
farming more  
doable
